Welcome & Opening Remarks

Keynote Presentation

Faculty Lightning Round - Snapshots from the local field of OER

Work Plan - Planning for summit participation

Break

Workgroup Breakout Session One

Attendees will participate in workgroups for the Summit. During this first work session, attendees will get to know their fellow group members, set common goals for outcomes, and begin discussion on potential sources of OER for their specific discipline area.

Lunch & Learn

Lunch Provided

Modify Educational Resources, Speaker TBD, *How to use Copyright Exemptions & CCL in your Course Environments*

Tools and Resources Lightning Round

Individual Breakout Session One

(Pick One) Tool and Resources Presentations: Product Demos, Q&A, and Discussion with Your Choice. This session will be used for attendees to take a further look at a tool or resources from the previous lightning round.

Individual Breakout Session Two

(Pick One) Faculty Presentations: Building, Modifying, Implementing, Sustaining, Publishing, or Assessing OER or Low Cost Educational Resources. Faculty from the morning's lightning round have only given attendees a taste of their story and this session allows attendees to chose one to hear more.

Closing Remarks

Evening Reception

Poster Session

Canvas Modules, *Speaker TBD*

Curriculum Builder, *Speaker TBD*

Tools to Build Your Own, *Speaker TBD*

Workgroup Breakout Session Two

During this second work session attendees will begin OER course design. Attendees will identify (OER/Z/Library) resources appropriate to their discipline and discuss OER course design.

Lunch & Learn

Lunch Provided

Workgroup Breakout Session Three

During this third work session attendees will continue OER course design. Attendees will create (OER/Z/Library) resources appropriate to their discipline and create models for OER course design.

Break

Group Presentations & Discussions

Two or three brave groups present/reflect on their discipline's work during the summit.

Closing Remarks

Self-Reflection and Action Plan

Attendees are encouraged to take time to reflect on what they have learned during the summit and make a plan of action for them to take back to campus.
